

For Immediate Release:

Rediker Software Receives Super 60 Award

Rediker Software among the top 30 area companies recognized for total revenue.

Hampden, MA – November 4, 2009 – Rediker Software received the 2009 Super 60 Award for Revenue from the Affiliated Chambers of Commerce of Greater Springfield, Inc. (ACCGS) at an October 23 awards luncheon attended by hundreds of chamber members. Peter James, Rediker Software's Executive Vice President, accepted the award plaque on behalf of the company.

The annual award recognizes the top businesses in the region that make significant contributions to the strength of the regional economy. Rediker Software was one of 30 companies recognized for total revenue. The 30 companies combined for over one billion dollars in total revenue for Greater Springfield and Western Massachusetts. Also recognized were 30 companies for revenue growth.

Responding to the award, John Schreck, Rediker Software's Director of Marketing said, "We are proud to once again be recognized by ACCGS, and to contribute to the economic strength of the region. For thirty years Rediker Software has been headquartered in Hampden, Massachusetts, and has grown into one of the world's leading providers of school administrative software. In addition to our positive economic impact, we also provide software solutions for many schools and districts in Western Massachusetts, as well as all 50 states and over 100 countries throughout the world. We are committed to making our community, and the world, a better place to live, work and learn."

About Rediker Software

Rediker Software is a leader in administrative software solutions for PK – 12 schools. Our products include Administrator's Plus, a web-based SIS solution, Admissions Plus Pro and The School Office Suite. We help schools save time and money managing their administrative tasks, maximize communication between the school, the home and the community, and inspire student performance and success. Rediker Software offers innovative software solutions, unsurpassed technical support, ease of use, and leading-edge features not found in any other system. We have proudly served schools and educators for 30 years, and offer experience, innovation and reliability.
