

PlusPortals

Create a Seamless Connection Between Your School, Students and Their Families

Rediker Software's **PlusPortals** are a family of interactive web portals for parents, students and teachers. Seamlessly integrated with AdminPlus and the TeacherPlus Gradebook, PlusPortals enable school administrators and teachers to instantly share data and engage with parents and students in a secure environment.

The All-in-One Solution for Schools

ParentPlus

StudentPlus

TeacherPlus

Impress your school community. Our intuitive interface utilizes the latest web technology to create a pleasant interactive experience for parents, students and staff. Parents only need one login to view all of their children's data, class pages and online forms.

Instantly share information online. True integration with all Rediker products means parents and students will be able to view important data in real-time. Interactive dashboards show grades and progress for all of their child's studies.

No maintenance, no hassles.

PlusPortals are powered by Microsoft's Windows Azure, creating a reliable and secure connection for your school community.

Share with PlusPortals

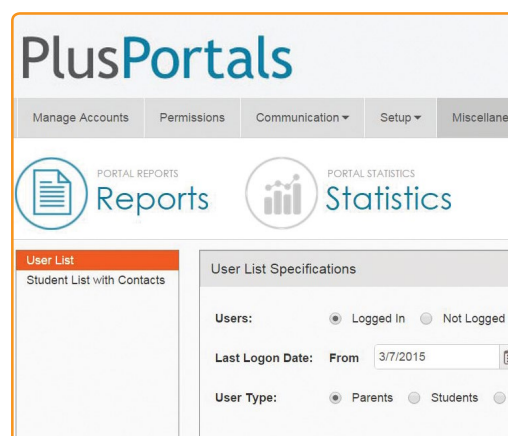

- **Scores and Grades** in real-time, including homework, quiz and test scores, as well as exams and final grades.
- **Attendance**, daily and by period. Give parents the ability to submit tardy and absent letters.
- **Schedules** with detailed class information. The class a student is scheduled to be in is highlighted.
- **Discipline** with details of infractions.
- **Personalized, combined calendars** that include homework, tests, field trips, sports, and other school events. Connect the PlusPortals calendar to Google, Outlook or iCal.
- **Alerts and announcements** so your school community stays informed about upcoming events and happenings.
- **School directory** of parents, students and staff. Give your school community the ability to choose what information they wish to share, if any, in the directory.
- **Portfolio documents** from Administrator's Plus that include student work, transcripts, letters, completed forms, and more.
- **Lesson Plans**, taken to the next level by incorporating resources and online quizzes. Publish lesson plans for parents and students to view.
- **Automatic email notifications** when new data is posted to PlusPortals. Parents and students can elect how often they wish to receive these notifications in their inbox.

View class schedule: Quickly check the schedule for each student.

Interact with PlusPortals

- **Class Pages** with homework, quizzes, announcements, links, and documents to keep parents and students up-to-date.
- **Digital Classroom** features including online quizzes and homework submission with teacher comments.
- **Groups** feature for connecting teachers and staff with students and parents for extracurricular or academic groups.
- **Unit Builder**, allowing administrators to create and edit Lesson Planner units for teachers on an administrative level, and attach links and files that are visible only to teachers.
- **Google Drive and Microsoft OneDrive** document access for teachers and students.
- **Google Calendar** integration with the ability to feed multiple calendars from Google into the PlusPortals Calendar.
- **Integrated email and messaging** capability for parents, students, teachers, and staff to easily communicate with one another.
- **Course requests** can be submitted by parents or students and approved by school staff before being received into AdminPlus.
- **Update demographics.** Give parents the ability to update their child's personal information online.
- **Single Sign-On** to your FACTS account.
- **Google Translate** to view the portals in a different language.

Administrator controls: Easily manage accounts, permissions, communication and setup. View portal statistics including usage by parents, students and teachers.
